Active RSO Program

- ✓ RSO's are required to **average 8 hours per month** for a total of **24 hours** per quarter, as described below, thus a total of **96 hours** per year. Those in compliance will receive a **Single Membership quarterly monetary credit**. **Unless otherwise exempted, RSO's not in compliance and not exempted will not receive a quarterly monetary credit addition to their account. Please note, RSO's who remain non-compliant without good reason for two quarters may be removed from the RSO Program.**
 - **Quarters are as follows:**
 - **First Quarter: January, February, and March**
 - **Second Quarter: April, May, June**
 - **Third Quarter: July, August, September**
 - **Fourth Quarter: October, November, December**
- ✓ Should an RSO wish to accelerate the yearly 96-hour requirement they may do so. RSOs may only schedule for the current month and the following two months. If RSOs are unable to fulfill their quarterly service requirements due to others scheduling more than 12 hours per month, those with more than 12 monthly hours scheduled may be required to give up shifts so that the other RSOs can fulfill their requirements.
- ✓ Except for competitive events additional privileges include free range use for four non-member guests when accompanied by the RSO, and range use for RSOs' immediate families.
- ✓ Our published hours of operation are 9am-5pm, seven days a week, consisting of two four hour shifts from 9am-1pm and from 1pm-5pm. RSO's may work either one shift for a total of four hours or both shifts for a total of eight hours. On open range days and Saturdays, and Sundays, RSO shifts will have a 1.5 multiplier applied; e.g. four hours equals six hours and eight hours equals 12 hours.
- ✓ Two RSO's will receive credit for the AM & PM shifts on open range days Three RSO's will receive credit for the AM & PM open range day shifts.
- ✓ As RSO's we are tasked with the responsibility of providing our members with a safe, secure, and fun place for the whole family to enjoy the shooting sports. With this in mind, RSO's are not allowed to have guests when on duty.
- ✓ RSOs are to regularly patrol all action bays, and check the Rifle Range at least three times an hour.
- ✓ RSO's are required to monitor the Schedule for ongoing updates, fill in where needed, and be intimately familiar with the RSO Program, RSO Duties and current Range Rules and Operational Procedures.
- ✓ In order to serve as a VCGHC RSO, you are required to maintain a valid NRA RSO Rating and submit a copy thereof upon renewal.
